

Paper Presentation Guidelines

Dear Scholars,

- Please note your paper number and session number from the schedule of Paper Presentations for easy access to venue and other presenters.
- The venue has Computer, LCD and sound arrangements.
- If you are using Mac or any other devices please bring your own adapter.
- Ideally upload your presentation in advance (in lunch or tea break with the help of the Venue in-charge) to avoid wasting time.
- Depending upon the total presenters in the session your time will be divided.
- Chair and Discussant are there to support you so feel free to contact them in case of any difficulty.
- Most often you will get 10-15 minutes for your presentation and there would be time for question and answer.
- Usually the Chair would have your full paper sent to us but IF you have any changes or newer version or any additions or deletions please give us your final copy.
- You are free to publish your paper where you wish, the Organizers may contact you with post-conference publishing possibilities.

In Case of any further clarifications feel free to connect to us: ica-regional@sndt.ac.in
