About SNDT Women's University, Mumbai

(www.sndt.ac.in)

Being the first Women's university in India as well as in South-East Asia, SNDTWU believes in "Santaskrita Stree Parashakti", enlightened woman in source of infinite strength. Founded by Maharshi Dr. Dhondo Keshav Karve in 1916, with five students graduating in 1921, today it is a State University with multiple campuses and all India presence. There are five Campuses- the first campus of the University is at Karve Road, Pune, the headquarters at Chuchgate, Mumbai and another campus at Juhu and Kanyashala building at Girgaon housing Department of Drawing & Painting. There is a Maharshi Karve Model College for Women at Shriwardhan and youngest campus at Maharshi Karve Mahila Sakshamikarn Dnyankendra, Ballarpur, Chandrapur, Maharashtra.

This multidisciplinary State University offers diverse professional, technical and liberal arts programmes from K12 to Ph.D. and affiliated institutions for doctoral programmes. Unlike most universities in the country which are limited by the state jurisdiction, SNDTWU is unique in terms of jurisdiction. SNDTWU can affiliate colleges/institutions anywhere in India with prior consent from the State Government. There are 39 University Departments, 16 conducted colleges/institutions, 381 affiliated colleges across India.

SNDT Women's University is committed to meet the changing socio-economic needs, with human values and purposeful social responsibility and to achieve excellence with "Quality in every Activity" through formal, non-formal, vocational and professional programmes for women. SNDT Women's University ranked 29th amongst top 1000 Multidisciplinary Universities all over India, also retained its 23rd rank amongst Government multi-disciplinary universities of India, in State Multidisciplinary Universities it retained its 18th rank and retained its 3rd rank as Multidisciplinary Universities in West Zone according to the Week-Hansa Research ranking of 2026.

Vision: Today we visualize the SNDT Women's University as a world class university that continually responds to the changing social realities through the development and application of knowledge. The purpose of such engagement will be to create an inclusive society that promotes and protects the dignity, equality, social justice and human rights for all, with special emphasis on empowerment of women.

Mission: SNDT Women's University is committed to the cause of women's empowerment through access to education, particularly higher education, through relevant courses in the formal and non-formal streams. Further the university is committed to provide a wide range of professional and vocational courses for women to meet the changing socio-economic needs, with human values and purposeful social responsibility and to achieve excellence with "Quality in every Activity"

CHOOSE YOUR PATH. OWN YOUR FUTURE.

At the intersection of academic excellence and modern innovation lies your next big leap. Our campus is more than just a place of learning; it is an ecosystem designed to bridge the gap between academic aptitude and elite career success. Whether you are stepping into a foundational diploma, an advanced undergraduate program, an industry-aligned postgraduate specialization, or pioneering doctoral research, you are entering a community dedicated to mentorship, holistic growth, and real-world impact.

Why Our Campus Stands Apart:

- **Industry-Aligned Curriculum:** Dynamic streams designed in sync with evolving global and technical demands.
 - **The Mobility Advantage:** Flexible progression pathways, dual-degree structures, and direct lateral-entry options that respect and accelerate your academic journey.
 - **Dedicated Mentorship & Placements:** A robust ecosystem connecting talented minds directly with top-tier product giants, core engineering sectors, research labs, and corporate leaders.
 - **Holistic Development:** An environment that integrates academic rigor with creative exploration, leadership opportunities, and wellbeing.
-

Your potential is limitless. The pathway to your success is already mapped out—all that remains is for you to take the first step.
