**Subject: Induction session for students enrolled in the year 2021-22 (Online/offline mode)**

Dear Heads, Principals, and Directors,

This is to inform all Heads, Principals, and Directors of departments and affiliated colleges that induction sessions must be organized for newly admitted students. These sessions should provide a comprehensive briefing on the SNDTWU code of conduct.

Given the current COVID-19 pandemic situation, these sessions may be conducted online to ensure safety. However, for in-person sessions, it is important to ensure that all students are informed about the safety guidelines to be followed on campus, in line with government regulations.

Additionally, students should be made aware of the SNDTWU COVID-19 helpline, available at: <https://sndt.ac.in/index.php/covid-19/covid-19-help-line>

For students residing in hostels, it is essential that they receive an orientation from the respective hostel coordinators, especially considering the ongoing pandemic situation.

Thank you for your cooperation in ensuring a smooth induction process.

**2018-19**

Orientations were taken for all the courses of all the departments and colleges on campus. All members were given orientation of the library resources and library tour through orientation programmes. The library mainly organized orientation programmes for undergraduate students and user education workshops for post graduate students. The guests, non SNDT and distance education members were also individually guided to enable them to retrieve information from library resources. The objectives of the programmes are to introduce library resources and services and to develop competencies in users to retrieve needed information. The user education programmes were well appreciated by the participant students, teachers, guest members and non SNDT members. In 2018-19, 29 programmes were conducted and 735 participants were trained in the usage of various information resources. There was good use of databases. The services were made available to staff and research students through a password based service.

Dear Ms Vrushali Rane,

We wish to arrange a visit of our MA-MSc (Batch 2018- 20) Sem I students to Juhu Library with the purpose of orientation to the library as well as to get their membership done. Will it be possible to have this orientation and membership on any of the days - August 21st (Tuesday) or 23rd (Thursday)? If not feasible on any of these two days, then do let us know when they can come to library for orientation.

Dear Dr Subhash Chavan,

MA-MSc (Batch 2018- 20) Sem I students are having a guest lecture by an international expert on August 24, 2018 (Friday) during 11 am to 12 noon. We were exploring the possibility to have their visit to Churchgate Library on that day during 2 pm to 3.30 pm. Could you please let us know whether it will be feasible, especially in the light of they possibly NOT having their library cards by then.

Hoping for the kind cooperation from both the libraries,

**User Education Programme**

AS A part of library orientation, library offers for our users to learn more about library and its resources. User education/Library Orientation is offered through library open tours and lecture at reading hall in the beginning of each academic year. User education instruction take place in the library. In the library students can experience hands on training with the library's OPAC and library's numerous collections. Every year a Library Orientation Program-Knowing your Library & Effective use of Library was conducted for Frist Year Students. The aim of program is to Increase the awareness library services, library collection, facilities provided by library, about e-resources subscribed by the library and to train the users in accessing e-resources.

**Juhu Orientation**

**2020-21**

Orientations were taken for all the courses of all the departments and colleges on campus. All members were given orientation of the library resources and library tour through orientation programmes. The library mainly organized orientation programmes for undergraduate students and user education workshops for post graduate students. The guests, non SNDT and distance education members were also individually guided to enable them to retrieve information from library resources. The objectives of the programmes are to introduce library resources and services and to develop competencies in users to retrieve needed information. The user education programmes were well appreciated by the participant students, teachers, guest members and non SNDT members. In 2020-21, 07 programmes were conducted and 288 participants were trained in the usage of various information resources. There was good use of databases. The services were made available to staff and research students through a password based service.

**User Education Programmes**

Dear Madam,

This is to request you to conduct an orientation for final year BSc students to search for and use e-references. This will enable them to prepare their seminars, which is a requirement for this semester. It will also be useful for other subjects.

We have mutually decided the following schedule for orientation sessions for the two groups of TY BSc as follows:

- Group 1 (TY ND & FSQC) – Wednesday, 18<sup>th</sup> November 2020 at 12.00 noon
- Group 2 (TY HD, ISD, TSAD & HECS) – Friday, 20<sup>th</sup> November 2020 at 12.00 noon

Kindly confirm the above schedule.

Thanking you

### Information Literacy Programme 2021-2022

Orientations were taken for all the courses of all the departments and colleges on campus. All members were given orientation of the library resources and library tour through user awareness programmes. The library mainly organized orientation programmes for undergraduate students and user education workshops for post graduate students. The guests, non SNDT and distance education members were also individually guided to enable them to retrieve information from library resources. The objectives of the programmes are to introduce library resources (print and electronic) and services and to develop competencies in users to retrieve needed information. The user education programmes were well appreciated by the participant.

Dear Mukta,

We had discussed the possibility of conducting an online orientation for my first year tourism students

I have a big slot every **Thursday 3.45 - 5.15 pm.**

I am looking at either **9th December or 16 December 2021** to conduct this event- would any of these work for you? Please let me know.

### Contents of the orientation:

I would like you to show students some of the books and the shelves where tourism books are kept. (I do not know if they are aware of the online catalogue etc, you may cover that in the introduction)

Please also tell them about any subscriptions to digital newspapers / any other service that the library is offering during the pandemic.

Please also orient them to any source provided by UGC for online books like the National Digital Library of India, <https://ndl.iitkgp.ac.in/>

You can perhaps introduce them to 1/2 popular digital libraries like the NYPL <https://digitalcollections.nypl.org/> (though these are not specific to tourism)

I have also enlisted some of the websites that you may use and introduce/ revise (I have introduced them to many, but they will like a refresher again)

### Government websites Indian Government

<https://tourism.gov.in/>

<https://www.incredibleindia.org/content/incredible-india-v2/en.html>

### World Tourism Organisation <https://www.unwto.org/news>

(The World Tourism Organisation (UNWTO) is a United Nations agency that exists to guide, support, inform and advance the global tourism industry.

Naturally, their position of influence means they are looked at as an authoritative source of carefully vetted information that tour operators and travel agencies can rely on.)

- WTO has an e-library, <https://www.e-unwto.org/loi/unwtotfb>, and you can show them how to explore this.

Magazines/ websites for learning about the tourism industry as well as important tourism destinations in India and abroad.

**We subscribe to many physical copies of these magazines- please show these magazines (physical copies) to the students during the talk**

**User Education Programme**

Library orientations were taken for all the courses of all the departments and colleges on campus. The library mainly organized orientation programmes for undergraduate students and user education workshops for post graduate students. The user education programmes were well appreciated by the participant students, teachers, guest members and non SNDT members.

## USHA MITTAL INSTITUTE OF TECHNOLOGY

SNDT Women's University, Mumbai

### Induction Program Report 2021-22

Today is not just another day. It's new opportunity. A new Chance. A new Beginning. We, at Usha Mittal institute of technology, embrace and nurture each of this new beginning to build a wonderful community. Transition from school to college life is one of the most challenging events in a students' life. When new students enter an institution, they come with diverse thoughts and backgrounds. They come into a new unfamiliar environment. Therefore, it is an important task, to welcome the new students to Higher Education and prepare them for their new journey. As mandated by the AICTE Model Curriculum, the General engineering department of Usha Mittal institute of Technology along with the student council volunteers conducted one-week Student Induction Program for the newly admitted first year engineering students. This year too due to pandemic the Induction Program was held in online mode. About 296 students of F.Y. B.tech were inducted during this program. The entire program was planned to keep in view the overall personality development of the student which includes soft skills, sports, art and technical skills. This would help the entrants feel comfortable with the cultures of the new institute, allowing them to explore their academic interests and activities, reduce competition and make them work for excellence, promote a steadfast and long lasting bonding among them, build relationships between teachers and students, give a broader view of life, and build character.

In the Orientation Program on Day 1, the Principal, Dr. Shikha Nema, HODs of all the Engineering branches at the institute, cultural and admission coordinator Prof. Yashwant Kale addressed and welcomed the new students to the institute along with their parents. It served to provide space for telling the new students about the college, department and the university. Later Student council and other student organizations of the institute gave motivational speeches about their councils and encouraged the students to join their councils to achieve holistic and overall development and for an experience they will always cherish. They stressed on the importance to strive for balance between academics and extracurricular activities. Due to the current scenario a virtual tour of the campus made the students feel that they are connected to the campus. The Virtual tour and industrial visit to an automobile manufacturing company by Dr. Vilas Kharat was indeed a very helpful and educational session. To know every detail of how a car is made kept students

indulged during the entire situation. Prof. Ajay Lahane, Training & Placement Officer, gave an overview of the career options available to engineering graduates including higher studies and becoming entrepreneurs. He also detailed the activities conducted by the placement cell.

Throughout the induction program, efforts were made to achieve the holistic development of students, to bring them out of their hesitation and to build strong relationships between entrants, faculty members and the seniors. In order to accomplish this goal a spectrum of sessions were organized and were presented by eminent speakers from their respective fields. The induction program consisted of sessions on entrepreneurship, core values, self defence, art, music, self evaluation, leadership to name a few. Eminent speakers like Charulatha Varadharajan from Intel, Ms. Bahroze Kamdin from Deolitte, from TCS, Art of living were invited to interact with students. All of these sessions were insightful. They taught students various mantras for a successful life. These sessions were very inspiring and eye opener to our listeners.

As always our freshers were over excited to listen from our alumnae both from India as well as abroad. Alumna sessions by Sangamithra Mukherjee, Swathi Shetty, Kaveri Ingle were very helpful as students got insights of how the college experiences was from first year to the time they were placed in companies, they spoke about their challenges and achievements too. We were fortunate to have yet another alumna Rajalakshmi Gopalakrishnan talking about the environmental issues and how an engineer can approach them. Student organizations and cells conducted fun games, art sessions, music sessions and group activities for the first year students which helped them to build a bond between their peers and also the seniors. Overall the entire program was informational, enlightening and fun. Ms. Sakshi and Ms. Bhoomika helped students clear a lot of doubts related to internships and certification courses. Universal Human Values sessions by Prof. Rajni Nair introduced the basics of Holistic Development to our students. It helped them to clear their doubts on self and relationship. It allowed them to discover the values intrinsic in them through self-reflection. For some students, these were first time events. They realized that there is something about doing things that expand our comfort zones that builds a greater and more enlarged sense of self, increased self-awareness and honoring individuality. Interesting assignments like All About Me and vision board were also given to students during the induction program.

Each student creates a poster of their design that includes information about them. These are great ways to get to know one another as well as serving as jumping off point for teachers to connect curriculum with student experiences.

During the valedictory session, students came forward to share their feedback on the induction program in which they mentioned what they had benefited from the various sessions. The positive feedback of our students towards induction program is a motivation for General engineering Department to organize more such events. The induction program 2021-22 was a huge success in spite of it being conducted on an online platform. All the students ensured their maximum participation. This induction program will help the students to have a smooth transition to the Engineering course and improve the overall performance of the students. ### Information Literacy Programme 2022-2023

Orientations were taken for all the courses of all the departments and colleges on campus. All members were given orientation of the library resources and library tour through user awareness programmes. The library mainly organized orientation programmes for undergraduate students and user education workshops for post graduate students. The guests, non SNDT and distance education members were also individually guided to enable them to retrieve information from library resources. The objectives of the programmes are to introduce library resources (print and electronic) and services and to develop competencies in users to retrieve needed information. The user education programmes were well appreciated by the participant.

Dear Mr. Vilas G. Jadhav,  
Deputy Librarian  
SNDT Women's University,  
Pune Campus

Dear Sir,

I am writing this letter to express my sincere gratitude to you for organizing the orientation program for the MA Part- 1 Psychology department at Pune Campus on 24/01/2023. Your efforts to provide us with a comprehensive introduction to the course and its various aspects were commendable.

The program was well-structured and informative, covering all the essential topics that are crucial for students like us to know. The presentations made by the team insightful and helped us to understand the course requirements better. The interactive sessions were engaging, and the team of librarians provided us with valuable information on various academic resources available to us.

I would also like to express my appreciation to the team of the library for their contribution to the program. Their efforts to provide us with a detailed explanation of the library services and resources were very helpful. The team's willingness to help us with any queries or doubts we had was praiseworthy.

Once again, I would like to extend my heartfelt thanks to you and your team for organizing this program.

Sincerely,
