**Finding Flow: Emergent Kinesthetic Processes in
Improvisational Movement and Dance Therapy
by Corinna Brown - Ph.D., LCAT, BC-DMT**

**REGISTRATIONS OPENING SOON!!!
For queries: conference@cmtai.org**

Join us for experiential & theoretical sessions, a panel discussion, research papers, and poster presentations

The conference will:

- highlight creative, expressive, and embodied practices having psychosocial impact on individual and collective resilience.
- address conflict resolution, intergenerational trauma and reintegration of individuals into communities.

Take-aways:

- enhancing knowledge and skills on working with diverse communities globally using dance and other arts therapies
- understanding specific theories & applications used in the field.
